**Subject:** [External] Blue Granite Water Increase

My Name is Teresa A. Godard. I live in West Columbia, In The Laurel Meadows Subdivision.  
 I am very concerned about the Rate increase that Blue Granite Water is asking for.  
 As a Citizen that is about to Retire, another increase would be a hardship for me and many of the Families during the unemployment that this Pandemic has caused.  
 We ask that you Take the Public Trust into consideration. Represent us and not Corporations.  
 If this rate increase is given, I would potentially be paying 140.00 dollars for sewage (Town of Lexington) and Water (Blue granite Water).  
 This is unacceptable.  
 Please deny Blue Granite water any increase.  
 Thank you for your time.

PS. Why can't we be serviced by West Columbia for our Water and sewage needs?
